

Beautywithin Spring Newsletter

The day the Lord created hope was probably the same day
He created Spring. ~Bern Williams

Dear Ladies,

“A kind word is like a spring day.” I can’t think of a year when we’ve needed spring’s arrival—or, for that matter, a little TLC - more than this one. What a cold miserable winter. We are so looking forward to braaing again and swimming etc, my kids can’t wait. I think we all feel better and happier in Spring! ! Spring just feels promising.

On that positive note its time for rebirth, renewal and rejuvenation! Its time to get rid of all those tired Winter dead skin cells and book for our fabulous Spring special. Book for a Hot Stone Back Massage and receive a Free Full Body Exfoliation. If you planning a holiday soon or are thinking of booking a few Sun Bed sessions with us, we advise a full body exfoliation first as your skin will be smoother, more radiant and look more youthful. The treatment consists of a thorough full body exfoliation, a shower and a warm relaxing Hot stone back massage for only R185.00.

Our second tempting Spring Special consists of a Luxurious Facial suited for your skin type, a luxury Pedicure, followed by our standard Manicure – yours for only R440.00; you would normally pay R620 for all these treatments. Ladies its time to expose those feet of yours so this month we are introducing our new Luxury Pedicure which is a Papaya fruity pedicure using specialised products for your benefit and a longer foot massage. What a lovely Spring treat.

Skincare News

A recap for our new clients. We are using 3 skincare products at Beautywithin. Environ and Shzen. Each range has products ideally suited for your skin type and condition. Our shelves are now fully stocked with Vitaderm products for your convenience. All three products are proudly South African ranges, great results and affordable. Our Vitaderm products are selling very well and the clients are most satisfied with the results. Our Luxury Facials include, cleanse, exfoliate, steam, eyebrow waxing & shaping, skin analysis, facial massage, a Mask for your skin type, a shoulder massage, hand massage, hair treatment and scalp massage all this for only R300. We are proud to say that you will not find such value for money any where else in Benoni or in SA for that matter.

Nail polish news

In our August newsletter we introduced the NUBAR Nail polish range.

- In the year 2000 the innovators of Nubar learned that many professional and retail nail lacquer brands contained Formaldehyde, Toluene or Phthalate (DBP).
- It is widely known in the industry that these agents are carcinogenic (cancer forming) and can cause serious health effects. Hence, NUBAR changed the way they would forever do business.
- NUBAR set out to develop a healthier alternative for beautiful nails.
- Setting high standards without compromising quality and durability and creates high quality and beautiful nail products.
- NUBAR nail lacquer is available for the health concious beautiful woman World wide.
- We are now proud stockists of this product at R90 per bottle; we have plenty in stock on our counter and lots of Summer colors to choose from.

A Spring morning
A warm Breeze
doves cooing softly
Pollen dusted trees

Other salon news

Beautywithin recently visited the Professional Beauty show on the 29th August. This extravaganza of Beauty prides itself on showcasing the latest products, top brands, latest trends and leading products. The show had lots of innovative ideas and gave us some motivating tools to take home to help us to bring about change in our Salons, stimulate new thinking and boost the profitability of our business. There was also a Nail and Make-Up Competition which was interesting, we had a great day.

We also planning a fun day on Spring Day for Beautywithin. We will be decorating our salon with flowers, and fruit and hats for all the staff. Another fun outing will be on the 7th of September, Beautywithin will be visiting a Salon in Benoni for a Fish Pedicure, which should be a great experience. They place you in a large Jacuzzi filled with hundreds of tiny Japanese fish which nibble on your feet to remove all the dead skin cells – different but funny !

Staff news

Excellent news! Our staff compliment has grown with 2 additional members. Some of you have already met **Scantelle Venter**, who joined us on the 10th August and she has been quite a busy little bee. Scantelle has been in the beauty industry since 2007 and is doing facials, pedicures, manicures, waxing, tinting, exfoliations to back massages and even G5 slimming treatments.

A heart warming welcome to **Tanya van Vuren** who will join our remarkable team on the 1st September. Tanya has been a Beauty Therapist since 2007. We have employed Tanya specifically to do nails, hair extensions, lash extensions, bridal and matric farewell make-up, plus hair “up-styles”. Tanya is also a fully qualified therapist in Facials, Pedicures, Manicures and waxing.

Anna, mother of two boys, our outgoing, passionate and thorough therapist, who works from her heart. Anna we appreciate you, keep up the excellent work. It's a real pleasure to have you as part of our team.

Lele is our quite mom of one daughter. She is caring and kind and being our Head therapist has a lot of responsibility. Lele with her beautiful smile and good attitude is an asset to Beautywithin. Thank you Lele for all your hard work and dedication.

Our Mama **Sarah** has been with us for many years. Sarah is always smiling and ready for a new day no matter how big or small the task is, always willing and helpful. Thank you Sarah for your loyalty. Keep up the good work and spirit.

Last but not least is **Michelle** my Manager and Receptionist, without her I would be lost ! Michelle basically runs the show ! She's efficient and professional and always cheerful. Thank you Michelle for your positive attitude it's contagious.

Reminders

In line with the new Consumer Act our Gift Vouchers may no longer have an expiry date. If you purchase a Gift Voucher you can come for that treatment in 3 or 4 or even 5 years time. Just bear in mind that prices go up with inflation and you will be expected to pay in the balance over and above the original price if the price has gone up. Please note that when you purchase the voucher we are obliged to show the face value of the voucher. If you take advantage of one of our specials we also have to detail any free treatments.

Another concern we have being having for quite a while now. Clients are often asking for extra treatments in the treatment rooms that they are not booked for. Our Therapists are always running late due to them trying to accommodate their clients. This is particularly frustrating on a Saturday when we pushed for time with back to back appointments. Would you mind please stating exactly which treatments you would like on the phone just to help us to run more efficiently.

We are busy updating our Website, please ignore the current price list, this will be amended this week. If you have changed your personal details recently, would you mind letting us know so we can send the specials and sms reminders to the correct cell phone no's.

Please bring flops or sandals when coming for a Pedicure to avoid smudging afterwards. Lastly could you please refrain from using your Cell phones in the cubicles as clients need to relax. We fully understand if you have small children at home and you need to keep your phone on in case of an emergency. However , random calls are starting to create quite a disturbance. We are trying desperately trying to create a tranquil, calming environment for your pleasure.

Kind regards,

Cindy, Michelle, Lele, Anna, Sarah, Scantelle & Tanya.
